!!! New CADSSC.ORG Website is up !!!

The newly redesigned website has now launched. Please log in, create an account and provide your information so we can get our membership directory started. Signing up and paying for classes and events online will now be possible.

UPCOMING CEs

**CE#4- Efficient and Effective Endodontics
September 18th, 2016**

**CE#5- Implant Dentistry
October 16th, 2016**

Event Summary

June 19th-29th Peru CE tour- A very appreciative thank you to Signet Tours, Best Choice Travels, and our tour participants for an incredibly memorable trip to Peru. I would also like to thank Dr. Chester Jeng for his two lectures on Employment Law and Dr. Steven Huang for his lecture on Dental Implants and Bruxism. In Peru, we travelled and ate well while visiting some wonderful places. During our stay, we visited the cities of Lima, Paracas, Urubamba, Cusco, Maras, Puno, Chinchero, and of course Machu Picchu. Our tour guides did a wonderful job introducing and explaining the culture and society of the modern day Peruvians and the Incans and Andeans of the past. We had a chance to sample and eat some very delicious and unique food and drinks during our stay as well. Some that stood out among the great Peruvian food we had were the Pisco sour(very high alcohol content), alpaca meat, giant Amazonian river snails and guinea pig(I took one bite which was plenty).

There were many places that we visited that were indescribable. In Paracas, some of us saw the Nazca lines inside a small single propeller airplane. Wonderful images or geoglyphs etched in the sandy soil between 500BC and 500AD by the Nazca culture. We saw hummingbirds, spiders, monkeys, a whale and even a person/astronaut waving. In Cusco, we saw some wonderful Spanish and Incan temples and cathedrals as well as Incan ruins with ridiculously large and heavy stones(up to 200 tons!!!). While we were in Cusco, the city was celebrating the winter solstice with a week long Sun Festival where locals dressed up in native attire and paraded and partied for a week. We visited Incan tombs, salt mines and crop circles that were all very special in their own right. Between these places we visited a world famous Peruvian ceramist and watched demonstrations on traditional Andean weaving with alpaca fur. In Lake Titicaca, we took a boat to meet with a group of natives that lived on the lake on man-made islands of reeds called totora. Of course the highlight amongst all these places was Machu Picchu. We were given a very informative tour and had a chance to hike and walk around the ruins. A small group of us also braved the difficult hike up Huayna Picchu. The spectacular views, great weather and the group that we travelled with, truly made Machu Picchu a once in a lifetime experience.

This is a highly recommended trip and something everyone has to do once in their life. Again thank you to Signet Tours, their wonderful tour guides and my 26 travelling companions who were like family on this vacation.

July 9th KADA Implant Symposium- A special thank you to Dr. Thomas Han, president of KADA, for having Dr. Barry Huang and myself as guests at KADA's Implant Symposium at the Wilshire Country Club. This was a wonderful event with an impressive group of speakers and a huge turnout. We are looking for ways to work with Dr. Han and KADA really soon. I encourage everyone to help support us and KADA in the near future.

Wilson Long, President 2016

Continuing Education

2016 CE #4 will be held at 9:00 AM on September 18th, 2016 (SUN) at Almanson Court in Alhambra. This will be a full-day course with breakfast, lunch and beverages provided. Please refer to the attached registration form for details.

Efficient and Effective Endodontics

Enhance Your Practice and Skills Through Endodontics

Course Description:

This comprehensive hands-on course will take you through all the aspects needed to take your practice to the next level by utilizing the latest and most efficient endodontic techniques. In just one day, you will gain practical skills that can be immediately incorporated into your day to day work flow. With these fresh techniques, you will build confidence in your endodontic outcomes and trust that they will be consistently successful.

Objectives:

- *Learn key indicators for endodontic diagnosis and case selection*
- *Gain a greater appreciation for access and canal preparation*
- *Work with the latest tools for efficient endodontic shaping*
- *Explore the available options for effective irrigation*
- *Experience state of the art methods for delivering warm, flowable gutta-percha*

Speaker- Dr. Reid Pullen

Bio: Dr. Reid Pullen graduated from USC Dental School in 1999. He then entered the Army Dental Corps and was stationed in Landstuhl, Germany from 1999-2002. During that time, Dr. Pullen completed a 1 year Advanced Education in General Dentistry. Dr. Pullen practiced as a general dentist in Yorba Linda, CA from 2002-2004 until entering the Endodontic Residency at Long Beach VA and graduating in 2006. Dr. Pullen is a Diplomate of the American Board of Endodontics and has maintained a private practice in Brea, CA specializing in Endodontics since 2007. Dr. Pullen enjoys spending time with his wife and three kids, Brazilian JiuJitsu and golf.
