!!! New CADSSC.ORG Website is up !!!

The newly redesigned website has now launched. Please log in, create an account and provide your information so we can get our membership directory started. Signing up and paying for classes online will now be possible.

UPCOMING CEs

**CE#4- Efficient and Effective Endodontics
September 18th, 2016**

**CE#5- Implant Dentistry
October 16th, 2016**

Events Summary

We had our third CE on May 15th at Almansor Court. Our speaker Dr. Ralph Nicassio and his lecture on Diagonosis and Treatment of the Gingival Display were very well received. Many attendees of the class showed interest in Dr. Nicassio giving an ortho class which he is willing to do if we have enough numbers. If any members are interested in the ortho class, please contact me and we'll try to set something up. If members are interested in Dr. Nicassio teaching another class next year, please let Dr. Barry Huang know.

As always, thank you to our sponsors AG Neovo, Henry Schein, Kings Two and Patterson Dental for supporting us especially after a long 3 days at the CDA convention.

Immediately after our CE, we had our first New Member Mixer also at Almansor Court. Over 40 prospective members; dental students and dentists attended and it was a wonderful opportunity for them to learn about our society. We are all really appreciative that dental students from Western University, USC and UCLA stopped by to join us. From their feedback, we have learned that we are a valuable resource for them in their developing careers. We also need their respective input to have our society help them bridge the gap between dental student and successful dentist.

Our second New Member Mixer will be on October 16th after our last CE. Time and venue will be announced at a later date. We are hoping that many of these students and dentists will join as members in the future.

From our discussion with the leaders at KADA(Korean American Dental Association), our board members and the dental students, our society will start a mentoring program this summer. Starting with social outings, we give younger members and dental students a way to get to know us and a way for us to give them advice. Later on, we're hoping to expand this to more didactic and clinical lessons that will further contribute to their future careers.

KADA has graciously extended an invitation to our society to attend their next CE on July 9th SAT 2-7PM, dinner after the class: Advances in Implant Dentistry for Clinical Predictability. Please go to www.kadausa.org to sign up and for more information.

As always, we appreciate participation and support from all CADSSC members. Should you have any questions or suggestions, please do not hesitate to contact myself or any of our Board members.

**Wilson Long, DDS
President 2016**

Health care providers that dispense schedule 2, 3, and 4 drugs are required to sign up for CURES.

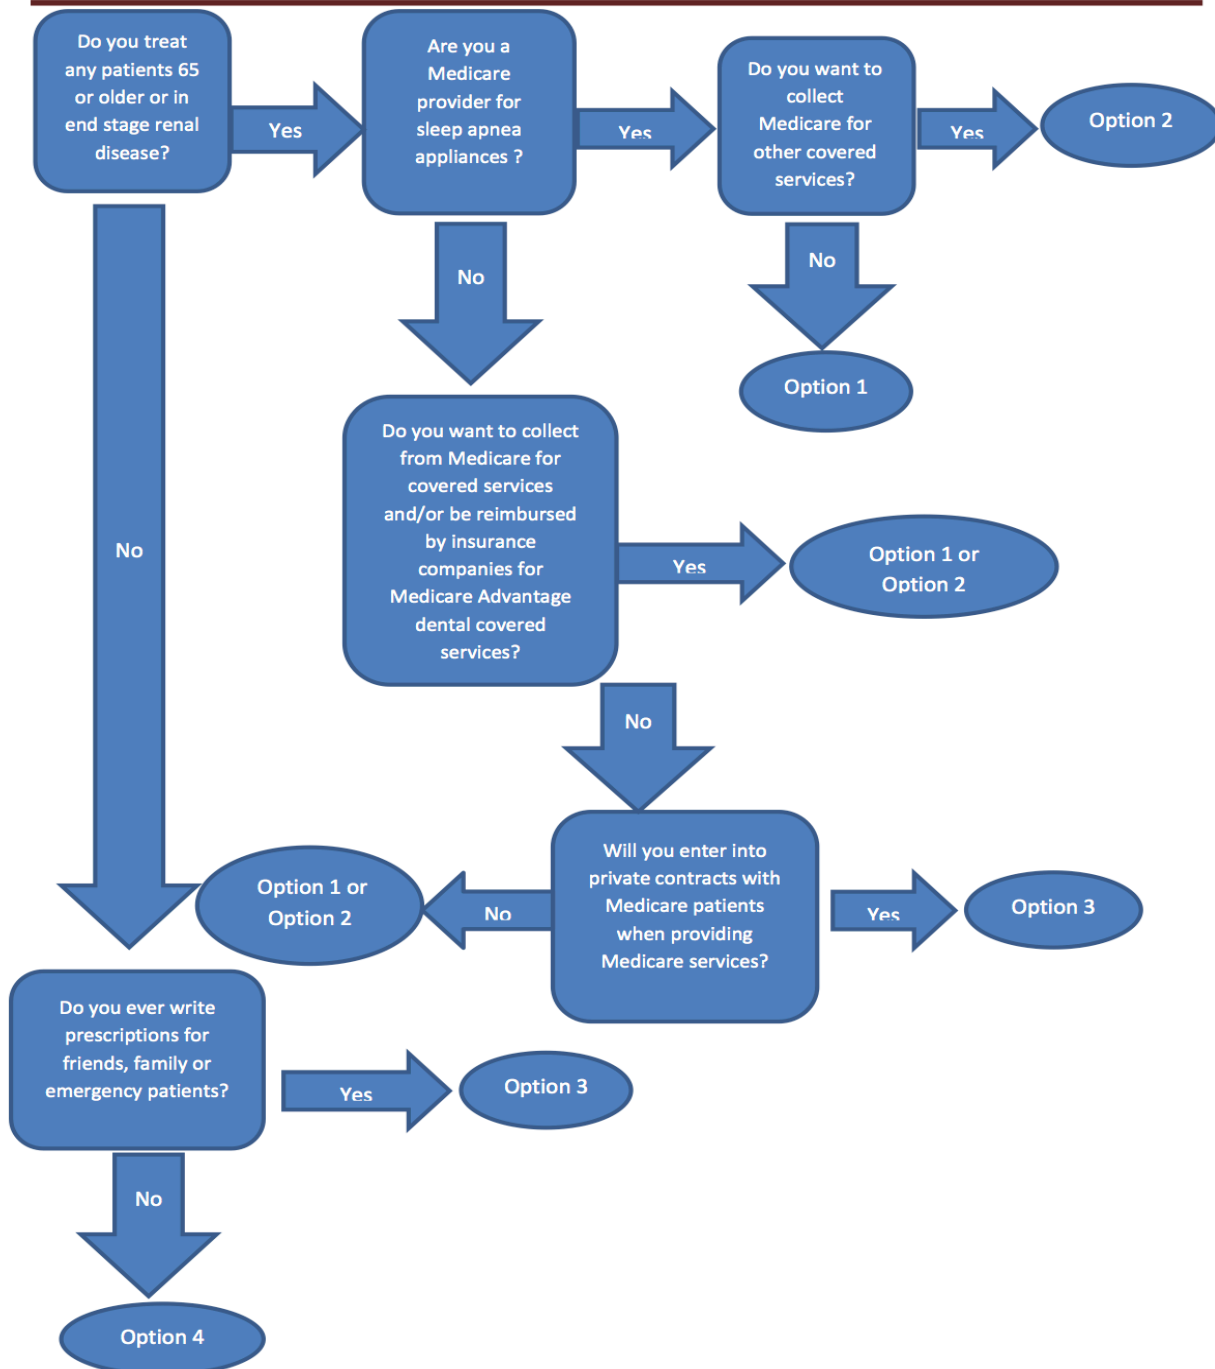

General Information: <https://oag.ca.gov/cures>

Sign up for CURES:

<https://cures.doj.ca.gov/registration/confirmEmailPnDRegistration.xhtml>

For those that need help in deciding whether or not to sign up for Medical Part D. Please refer to the flow chart and tree graciously provided by Dr. Terry Dickinson and Dr. Irvin Kaw.

Medicare Decision Tree and Options

Medicare Decision Tree and Options

Option 1

Enroll as Ordering/Referral Provider

- Allows provider to write prescriptions AND order or refer for tests and additional Medicare covered treatments.
- Does not require or allow filing claims to Medicare.
- Has no effect on services excluded by Medicare.

Option 2

Enroll as Part B Provider

- Does not affect services excluded from Medicare such as routine dental procedures.
- Services covered by Medicare, such as biopsies, will be paid at Medicare allowable fees.
- Providers file claims and Medicare rules will apply to all covered services and claims

Option 3

Opt Out of Medicare Program

- Prescriptions written by opted out providers will be covered by Medicare.
- Any testing, such as pathology, will be paid to the laboratory providing the test.
- Providers must enter into a private contract with each Medicare patient before care is delivered that would be a covered Medicare service. The patient must formally agree to give up Medicare payment for services by the dentist and agree to pay the dentist without regard to Medicare's fee limitations.
- The opt out period is valid for two years at which time the provider must choose to either renew the opt out or enroll.
- Providers cannot choose to enroll during the opt out period.

Option 4

No Action Required

- Providers who **never** expect to treat or write prescriptions for Medicare covered patients (including Medicare Advantage) are not required to enroll or opt out of Medicare.
