May 2016

New CADSSC.ORG Website coming soon!

The newly redesigned website will be up and running shortly. Please be patient! Will launch sometime during the first week of May, please log in, create an account and provide your information. Signing up and paying for classes online will now be possible.

UPCOMING CEs

CE#3- Diagnosis and Treatment of Gingival Display
May 15th, 2016

CE#4- Efficient and Effective Endodontics
September 18th, 2016

CE#5- Implant Dentistry
October 16th, 2016

Events Summary

Our second CE was held on March 20th, 2016 at Almansor Court. I would like to thank our sponsors 3M, GC America, Henry Schein and Patterson Dental for supporting us.

Our annual CADSSC Golf Tournament was held April 20th at Glendora Country Club. The golfers had a wonderful afternoon and afterwards everyone enjoyed a delicious dinner of prime rib (or sea bass).

A group of members participated in our Escape Room outing and even though we did not escape either room, it was an incredibly fun experience working together and trying to solve numerous puzzles. We will try to do this again later in the year with more members.

The New Member Mixer will be on Sunday, 5/15/16 (Immediately after CE #3) to welcome new CADSSC members and prospective future CADSSC members. If you know of any Chinese American dentist, or current dental students who are not yet members of CADSSC, please invite them to join us and tell them about networking and potential career development opportunities.

As always, we appreciate participation and support from all CADSSC members. Should you have any questions or suggestions, please do not hesitate to contact myself or any of our Board members.

**Wilson Long, DDS
President 2016**

Congratulations to the golf tournament winners

Gross- 1st place: Heng Tsang Lee	Net- 1st place: Peter Liu
2nd place: Peter Chen	2nd place: Steven Huang

9/18- CE #4

10/16- CE # 5

10/16- New Member Mixer #2

12/4- 2016 Annual Meeting/Banquet Pacific Palms Resort

Continuing Education

2016 CE #3 will be held at 9:00 AM on May 15, 2016 (SUN) at Almansor Court in Alhambra. This will be a full-day course with breakfast, lunch and beverages provided. Please refer to attached registration form for details.

Course: Diagnosis and Treatment of Gingival Display

As patients increasingly request optimal aesthetics the dental profession must offer comprehensive solutions including the correction of excess gingival tissue. Something critical is missing even when beautiful natural or restored teeth are in the presence of too much gingival tissue or uneven tissue. This 1 day course will provide a full discussion of the causes of gingival display that include Vertical Maxillary excess, Sort clinical crowns, and hyperactive lip elevator musculature. Practical treatment options will include topics ranging from Botox, periodontal plastic surgery, and bone screw anchorage to assist orthodontic outcomes. Be prepared to learn why maxillary impaction is a completely obsolete method to treat even the most severe gingival display situations. The objective for attendees is they will come away with a heightened understanding of this common clinical reality.

Speaker- Dr. Ralph Nicassio

Dr. Ralph Nicassio was born in Southern California and has a private practice in Norwalk, California. He graduated from the University of Southern California in 1981 and received his degree from UCLA's Dental School in 1985. In 1993, Dr. Nicassio began teaching seminars focused on orthodontics and prosthodontics.

His passion for dentistry has also inspired him to lecture internationally, delivering over 700 days of continuing education. Dr. Nicassio has taught many seminars in both a comprehensive 2-year series, and an advanced series. He was a guest lecturer at the Japan Adult Orthodontic Conference, and a presenter at the AAO meeting in Chicago, where he discussed molar extractions. Dr. Nicassio also taught practice management as a guest lecturer for UCLA and for Aeropointe Management.

Some special interests have included pioneering techniques in surgically assisted orthodontics. He is also a consultant for fellow general dentists all over the world, assisting in complex case diagnosis and treatment planning. Dr. Nicassio continues to find innovative approaches to make an impact on his patients, as well as fellow dentists, and those who work around him.

CADSSC CE Course Registration

Single CE course: \$130

Course	Date	Topic	Speaker	Location	Please Check
3	05/15 SUN	Diagnosis and Treatment of Gingival Display	Dr. Ralph Nicassio	Almanson Court	<input type="checkbox"/>
